

Dear Sisters and Brothers,

The joint project of the Worthy Grand Matron and Worthy Grand Patron is all about HOPE. **H**ospice **O**rganization and **P**alliative **E**xperts is an organization that works with the terminally ill and their families. As we learn more about HOPE this year, we will have opportunities to volunteer support on many levels and we have two options available to you and/or your chapter to offer financial support. The first option is a way to celebrate your life or the life of an entity you hold dear. Select a birthday, anniversary of someone you hold dear, a child's first day of school, or maybe your chapter or church's centennial and sponsor that day or a portion of that day in the life of your WGM or WGP. You send a check for a minimum donation of \$5.00 made out to the Grand Chapter with the memo Day in the life WGM/WGP to the project chair (information below) to reserve that day and you will receive a card letting you know how that day went for Sister Kris or Brother Ron. The second option is to send a "memorial link" (donation is optional) in the name of someone you hold dear that has made the transition from the mortal to the immortal life and that chain will be used at the 2009 Grand Chapter Session.

Share your love of life with those who near the end of their journey.

Sincerely,
Kathy Glunz - Frederic Chapter,
Project Chair
